

PRESBYTERIAN CREED REVISED.

General Assembly Adopts Report
Of the Committee.

PRACTICALLY UNANIMOUS

**Moderator Van Dyke Says There Must
Be No Exaggeration of the Victory
by Those Who Had Won.**

New York, May 22.—The general assembly of the Presbyterian church today adopted the report of the committee on creed revision, making changes in the confession of faith. This action was practically unanimous, and was taken with little or no debate. The changes proposed will now go to the various presbyteries for ratification.

The prospect of an interesting debate on creed revision attracted a crowd in front of the church. Rev. Dr. Henry C. Minton, the moderator, spoke for a moment.

"I do not believe that my task as a moderator is a difficult one," he said, "but it is a delicate one. I want to say that this discussion has been carried on in the spirit of good fellowship, and that nothing else rushed through or delayed. The matter before us is a simple question. The assembly has appointed a committee to do a particular thing. What you have to do is to decide whether or not the thing should be done, but whether the committee has done it to your satisfaction or not."

On motion of the Rev. Dr. David J. Wylie, the assembly adopted the report of the committee on creed revision, and the Rev. Dr. Minton moved the adoption of the 11 resolutions to be sent to the presbyteries.

The Rev. Dr. Henry C. Minton, chairman of the revision committee, spoke for the revision.

Dr. Minton urged the assembly in a brief address to decide the question quickly by a vote of acquiescence.

The Rev. Dr. Russell Booth of this city, who has been known as a strong anti-revisionist, asked the assembly to adopt unanimously, and at once, the resolution that the committee report be accepted. As he closed his short remarks, he came to the point of "question," from all over the assembly, Rev. Fleming G. Bailey of Kalamazoo, Mich., opposed the revision, and in the course of his remarks broke down the question.

The question was then put, and the resolution ordering the report published was carried, with only two dissenting votes. The report was then adopted, and the session was closed with an impressive devotional service, in which the Rev. Dr. Johnson of Chicago and the Rev. Dr. Dickey of Chicago, and Dr. R. H. of this city, joined in the benediction.

At the afternoon session, Dr. William Henry Roberts offered a resolution, which was carried, providing for the printing of the "brief statement of the reasons for the revision of the confession of faith," in pamphlet form for the use of the commissioners of the assembly, pastors of the church and others.

DR. VAN DYKE'S VIEWS.

New York, May 22.—The chief social function of the present meeting of the Presbyterian general assembly was held tonight at the Waldorf-Astoria. This was the reception by the Presbyterian union to all the officers, commissioners and former moderators of the assembly; the officers of the board of foreign missions; the home and foreign mission societies; and the delegates to the annual meeting of the woman's board of home missions and the representatives of the woman's board of foreign missions. There were a thousand guests. Responding to the greeting, Dr. Van Dyke, the moderator, said:

"I wish I could take active part in the work of the old conservatism, even if it only meant a grave digger or a tombstone maker, perfectly the latter. I would then put this epitaph on the tombstone: 'Here lie two words that have been overworked—Conservatism and Liberalism.'"

"But there must be no exaggeration of the victory by those who advocated the revision. And I sincerely hope that there will be no crowing over the victory. The value of what the time has brought, and now that it has been done, we must present a united front. We must be broad-minded in treating this question and remember that we are only called to revise the old confession, I trust that it will result in a better understanding of our great and beautiful faith."

PEACE PRACTICALLY ASSURED.

Such the impression that prevails in London.

London, May 23.—The Daily Chronicle this morning claims that peace in Africa is practically assured. This is also the general impression with the other newspapers and the public, although the former do not go so far as the assertion published by the Chronicle.

At a late hour last night, however, the government department declined to give any information on the matter. It was understood that important dispatches were received yesterday from Lord Milner, the British high commissioner in South Africa, and from Lord Kitchener, but nothing can be ascertained as to the nature of the contents of these dispatches.

The fact that the cabinet was summoned so quickly after the arrival of the delegates at Pretoria is regarded as a good augury, as the discussions at Pretoria could only be commenced this afternoon in order to enable the ministers who are at a distance to reach London in time for the meeting.

A dispatch to the Daily Telegraph from Pretoria says that the Boers are seeking permission to retain their horses.

The Daily Mail this morning says it understands that, owing to the prospect of hanging of the Boer leaders at Pretoria, Great Britain has presented to them what is practically an ultimatum, their reply to which is awaited, and which it is expected they will accept.

Dispatches received here from Pretoria, continue the Daily Mail, say that during the stay of the Boer delegates the conference will continue at Vereeniging, and that a majority of those present at the conference are trying to persuade the recalcitrant minority into a unanimous vote. In the meantime the British colonies are now ready for immediate action. The Daily Mail says it believes the ultimatum at Pretoria will dispatch the ultimatum to the conference at Vereeniging for its consideration.

preludes at the coronation dinner which is being organized by the leading colonial institutions in London. Its purpose will be to entertain the distinguished representatives of British dominions beyond the seas who will be assembled here for the coronation festivities. The dinner will be held in the grand hall on July 11 and it is fully expected the colonial secretary will seize the occasion to deliver an important speech on the subject of England's relations with the colonies.

Another interesting dinner fixed for July will be given by the American chamber of commerce in Liverpool, in celebration of its centenary. Whitehall and other members of the United States special embassy to the coronation of King Edward have accepted invitations to be present.

Were Engaged Fifty Years.

New York, May 23.—Thomas J. Crouch, 74 years of age, of Tepeka, Kan., and Miss Mary Jane Lane, 68, of Buel, N. Y., have just been married here, says a Rutland, Vt., dispatch to the World. Fifty years ago Crouch and Lane were engaged to be married, but quarreled and the engagement was broken. Shortly afterward Crouch moved to Tepeka.

Miss Lane never married, and recently her sweetheart of half a century ago returned to seek her hand.

Arrested for Presenting Petition.

Tokyo, May 23.—A dwarf has been arrested for attempting to present a petition to the crown prince while the latter was riding to the railroad station at Takasaka.

Cologne at Philadelphia Mint.

New York, May 23.—Cologne has been resumed at the mint after an absence of working days of 72 hours, the dispatch to the World. The suspension was caused by the refusal of Dr. Morris, chief clerk, to accept the office of chief clerk because he did not wish to bear the responsibilities of the office.

Thief Returns Kaiser's Photographs.

New York, May 23.—A collection of photographs illustrative of German art presented by Emperor William of Germany, through Prince Henry to Harvard university, and recently reported as having been lost, has been found in a museum in Cambridge, is reported to have been returned.

The portfolio was restored to its proper place as mysteriously as it had been removed. Not a trace of the photographs is missing. The mystery with which the whole affair has been attended, and the apparent lack of other motive than merely mischief in withholding the Imperial gifts for 72 hours, tends to confirm the theory that some society among the students spirited away the photographs. The authorities in charge of the museum had an unpleasant time for three days and are much relieved at the happy issue, though none the less indignant over the invasion of the university decorum.

Starter Caldwell Dead.

Saratoga, N. Y., May 23.—James P. Caldwell, starter of race horses, died here suddenly today of apoplexy. He was a native of Danville, Ky., and was 65 years old.

McKee's Will Admitted to Probate.

New York, May 23.—Register Singer has admitted to probate the will of Col. John McKee, the colored millionaire, who left the great bulk of his estate for the founding, says a Times special dispatch from Philadelphia, of a school for the maintenance of the Catholic church, and cutting off his daughter, grandson and other relatives with meagre annuities.

The compromise with the relatives, who threatened to fight the will, is said to have been agreed upon.

Martinelli's Sojourn in America.

New York, May 23.—Cardinal Martinelli in an interview with the Rome correspondent of the Times, said: "My sojourn in America will be one of the brightest recollections of my ecclesiastical career. I shall never forget the states where I was the object of such true courtesy and where the people are so loyal, frank and true. I shall consider America my second country."

WITH THE GUARDSMEN.

In accordance with new regular army regulations, and Captain Greenwald has appointed these non-commissioned officers: First class sergeants, J. B. Paul, acting first sergeant, W. J. Lawson, acting property sergeant, Sergeant C. L. Evans, G. H. Ball, Corporals, C. Y. Clawson, L. H. Berre, A. A. Manning, W. G. Schirmer, first class privates, Private Vincent, Theodor, White, Dycker, Ridgway, Swann, J. Hansen, Thompson, Watson, Smith, Mariger, Pitts, Grow. The command will meet in the armory at 8:15 p. m., May 29, under every marching order for inspection. The corps has been doing the helicopter work up City Creek canyon, and next Sunday the corp will signal between Fort Douglas and the armory in the city.

General order 15, from the adjutant general's office at Harrisburg, Pa., calls attention to the fact that the late General William Moffat Reilly of Philadelphia leaves an amount of money from which shall be used to purchase medals for awarding at each annual encampment to such members of the guard as shall have, at the time of presentation, served for the continuous period. A prominent officer in the Utah guard in commenting on this today, remarked that it would be a good thing in some person of means would advance an amount of money for investment, the proceeds of which could be used for purchase of medals for worthy members of the guard.

CHOOSING A SYSTEM.

Dressmakers Invited to Compete for L. D. S. U. Adoption.

The trustees of the L. D. S. university are about to adopt for use in the domestic arts department of the institution a system of dressmaking, adapted to teaching purposes, and to practical work. The Y. L. M. A. board has consented to decide upon the merits of the competing systems. A committee consisting of Mrs. Maria Y. Douglass, Mrs. Mianie J. Snow and Mrs. Emma Goddard has been chosen to make the investigation. The various systems will send representatives to the Lion house next Monday and will be given permission to give a demonstration of the merits of their respective systems. In this way it is believed that the best system will be secured. The adoption of a system is likely to carry with it the selection of a certain person to teach the system.

BUDDY KING IS A RAPID CHAP.

Hard at Work for His Contest With
Mose Lafontaine.

TO BE INTERESTING MATCH

Science of Both Men Is Great and
Well Known—Otherwise They
Are "Good Ones."

Buddy King is a bundle of lightning in the ring. He has begun active training for his bout with Mose Lafontaine and is doing "oodles" of work in his preparation. His work is very fast and clever and is much admired by ring followers. His opponent, Mose Lafontaine, is a hard worker when in training for a contest and his exercises show him to be an artist with the mittens. The show that will be put up by these men will attract much attention as both have a reputation of wide scope and are well known to cranks in the many art all over the country. King was recently in California, but did not seem to have been able to "get into the push" very well, so he returned to the Rockies and on his way to Denver the colored boy was glad to pick up this match with Lafontaine. The men are well matched and it may be depended upon that loading will be on the line in the ceremonies within the ropes.

Utah-Idaho Contest Off.

The athletic meet between the track and field teams of the University of Utah and the University of Idaho is all off. The Idaho lads came to meet the engagement, so this leaves but one more field day for this season, and that is the meet with the Berkeley, California boys on June 7.

GREAT RACE TOMORROW.

Greatest Lot of Horses Ever Seen on The Turf in New York.

New York, May 23.—Since the great Hanover won the first Brooklyn handicap in 1887, no such field of highly tried and highly "touted" aspirants have come together as the one which will line up on tomorrow for the sixteenth renewal of the classic race at AVA.

Of the probable starters four are three-year-olds, but it looks as if none of them is likely to duplicate the feat of Corcoran, who won last year, scoring the first three-year-old triumph in a Brooklyn handicap.

A brief survey of the field brings one to the conclusion that several of the candidates will have to be excluded from the probabilities on the basis of

their unpromising performances in races this season. These are Perry Belmont's Flywheel, J. E. Madden's Perceps, Alcedo, the winner of last year's Suburban, the Philadelphia Handicap, and J. G. Folliass's Rotherham.

Monograph, a four-year-old, owned by Wm. Hayes, a Kentuckyan, will carry only 90 pounds and travel the distance in 2:05 1/2 on Monday, carrying several pounds more than his handicap weight. Waterbury raced all winter in California. Alcedo ran a big race in the Metropolitan. Oom Paul won the Irvington stakes at Aqueduct from a fair field, but Margravate and Col. Padden beat him later in the Queens county stakes and he has not raced since. Blues has appeared but once this season and Dr. Riddle beat him at a mile and sixteenth at Morris park.

Batten Guard, however, and Herbert there is little to choose. Herbert ran a finer race in the Metropolitan, finishing second to the lightly weighted Arsenal. He has since worked the Brooklyn handicap distance in most encouraging fashion. Advance Guard has run several tip-top races at Morris park. Unless some of the dark horses develop phenomenal speed and courage, it is fair to expect that Advance Guard and Herbert will be fighting it out at the end. If the track should be heavy, Herbert's chances will be improved.

The list of the probable starters follows:

Horse.	Weight.	Jockey.
Alcedo...	125	Shaw.
Blues...	124	J. Martin.
Herbert...	121	Odum.

Big Event Tonight.

Denver, Colo., March 2.—"Young Corbett," the featherweight champion, will meet "Kid" Broad of Cleveland tonight in a ten-round bout before the Coliseum Athletic club. This is the champion's first fight since he won the title by defeating Terry McGovern last Thanksgiving day. Both men have traveled the route and both are confident of winning.

The betting in Denver is two to one in favor of Corbett, with no Broad money in sight. The preliminary will be good fights. Young Devenay will go on for six rounds with Reddy Coogan and Rubie Smith will meet Eddy Toy.

Another Coronation Event.

New York, May 23.—Harry Harris, the Chicago featherweight, who defeated Pedlar Palmer before the National Sporting club in London a year ago, will sail tomorrow on the Campania. He goes to London to engage in a contest with Andrew Tokell, the champion bantam of England, for the championship of the world. The fight will take place during coronation week before the National Sporting club.

HORSE RACING.

AT NEW YORK.

New York, May 22.—August Belmont's Masterman, making his first appearance of the year, easily won the 90th Belmont stakes at Morris park today. Five of the 3-year-olds in training faced the starter for the event, which was at one mile and three furlongs over the hill. The race also developed some spirited betting. King Hanover, Compton and Masterman all being well played. King Hanover closed favorite at 2 to 1, with Compton second choice and Masterman third in demand, while the others went begging.

First race, for 3-year-olds and upwards, selling, Withers mile—Satire won, Bounteous second, Vesuvia third. Time—1:42 1/2.

Second race, maiden 2-year-olds
